

UCL and Tier 4 of the Points-Based System

Tam Milner
PBIS Business Manager

Overview

- The role of PBIS Business Manager
- Importance to UCL
- Challenging timescales

UCL's Planned Approach

- Insights thus far
- Key issues and challenges
 - Centralised approach in a decentralised environment
 - Working in partnership with academic colleagues
 - Union activity
 - Systems, eg: SITS, Studylink

Institutional Engagement and Change Management

- Senior Management
- Faculties and Departments
- Ambassadors
- Awareness raising re the implications and responsibilities of maintaining our PBIS Sponsor Licence

Practical Issues to Consider

- Admissions processes
- Enrolment and induction of students
- Data Protection
- Fair and equitable treatment
- Storage and retrieval of records
- Institutional compliance
- Reporting

Food For Thought....

- Communications strategy and action plan within your own institutions
- Available resource and ability to respond within the relevant timescales
- Academic Supervisors and switching institutions
- Cost implications for institutions and students
- Wider benefits of the PBIS system requirements to Universities

Any Questions?
